

Notice to Patients

Thank you for completing your exam. Central Imaging Open MRI would like to let you know what happens after you have completed your exam.

A Board Certified physician will read your films. A report will be sent to your referring physician who then will inform you of the results of the scan.

If you receive a check from your insurance company for your exam, you must endorse it over to Central Imaging Open MRI. If you do not, you will be liable for that amount plus any unpaid portion of your co-insurance. If you have any questions regarding your bill, please call our billing office at (727) 381-4674.

You are responsible for making sure your films are at your doctor's office in time for your appointment. There are some offices which automatically request films; however, you will need to make arrangements to pick them up if necessary. These are the original films, and, according to federal law, must be returned to our office within 90 days unless other arrangements have been made.

For MRI only: If you need a copy of your films to keep, you may request them at the time of service. There is an additional charge for these films, the cost of the films are \$10.00 a sheet and must be paid at the time the films are picked up.

Please note, your report and films are back to us usually within 24-48 business hours after you have completed your scan. Central Imaging Open MRI staff CAN NOT discuss your report with you. That must come directly from your referring physician.

We try our very best to take care of our patients with the utmost respect, concern and caring. Again, we would like to thank you for allowing us to perform your exam(s) here at our St. Petersburg location.

We sincerely hope you have the best possible experience with us.
